

FAQ

General Description

---

FAQs (Frequently Asked Questions) are lists of common questions and answers about a specific topic. FAQs are widely used in online communities to group popular questions and have them solved without the need to repeat the same answer multiple times. Tiki allows you to create as many FAQs as you want with any number of questions in each FAQ. Optionally, users may be allowed to suggest questions to be answered, which admins/editors can reply to or delete.
